New Services:

New services may be periodically introduced for Business Online Banking. The Bank will notify you of the existence of these new services. By using these services as they become available, you agree to be bound by the rules that will be made available to you concerning these services.

Access to Services:

The Services may be accessed through the use of an Internet-enabled desktop computer, laptop computer or mobile device using an Internet Service Provider, and Access ID and Password. For security purposes you may be periodically requested to change your password. A token password may be required as additional authentication if you are using a high-risk cash management service such as ACH Origination or Online Wires.

The Services generally will be available 24 hours per day, 7 days per week, except during times that the bank is performing maintenance, upgrades, or other services. Except as otherwise provided in this Disclosure, transactions entered through Business Online Banking in accordance with the Disclosure will be processed on the business day they are received by the Bank, provided they are received within the specified cut-off time. Transactions received after any specified cut-off time or at any time on a Saturday, Sunday, or on a federal or state bank holiday will be processed on the next business day.

If you are enrolled in the Services, you must use them at least once every 180 days to remain active. If you do not use them at least once every 180 days, your Services will be canceled. You must remain active in the Services to receive eStatements.

Personal Identification and Security:

You will be assigned a unique Access ID and temporary password when you enroll in the Services. You will be required to select a new password during your first login. Your Access ID and Password must meet the minimum requirements. Your access to the Services will be blocked in the event your Password is entered incorrectly on multiple consecutive attempts. If this happens call us at (401) 821-9100.

You agree not to give or make available your Access ID, Password, or other means to access the Services to any unauthorized individuals. You are responsible for all transactions and payments you authorize using the Services. If you permit other persons to use the Services with your Access ID, Password, or other means, you are responsible for any transactions they authorize or activity they perform. In order to protect yourself against fraud, you should adhere to the following guidelines:

- Do not give out your account information, Access ID, or Password;
- Do not leave your Access Device unattended while you are logged into the Services;
- Never leave your account within range of others; and
- Do not send privileged account information (e.g. account number, password, etc.) in any public or general e-mail system.

If you believe your Access ID and/or Password has been lost, stolen, or compromised, or that someone may attempt to use the Services without your consent or has transferred money without your permission, or you suspect any fraudulent activity on your account, call the Bank immediately at (401) 821-9100 during customer service hours. The best way to minimize your losses and liability is to telephone the Bank immediately.

Authorized Users:

All Business Online Banking transactions shall be effected on your behalf by your duly authorized agent(s). **Only you can authorize or terminate the authorizations of your agents. The Bank cannot authorize or terminate the authority of an agent to access your Online Banking Accounts. By granting an individual access to your accounts as an authorized user with an Access ID and Password, you expressly agree to take responsibility for all activity initiated by those individuals. In effect, you have authorized each transaction initiated through the Services to take place and the Bank will not be held liable for individual User actions.**

Each USER with authority to access your accounts through the Services will have a unique Access ID and Password.

Your Internal Security:

You agree to establish, maintain commercially reasonable policies, procedures, equipment and software ("Internal Security Controls") that will safeguard the security and integrity of your computer system and information from unauthorized use, intrusion, takeover or theft, and prevent your Password from unauthorized discovery or use (collectively "Internal Security Breaches"). You bear all the risk of fraudulent transfers and other losses arising from your Internal Security Breaches or from the interception of your communications prior to their receipt by us (collectively "Internal Security Losses"). We will not reimburse you in connection with Internal Security Losses.

You agree that we are authorized to execute, and it is commercially reasonable for us to execute, any instruction received by us with your Access ID and Password.

You remain solely responsible at all times for your Internal Security Controls, Internal Security Breaches and Internal Security Losses. Although we may employ various systems and procedures from time to time to help prevent losses to us, we assume no obligation for Internal Security Breaches or Internal Security Losses, provided we have acted in accordance with this Disclosure and/or instructions that are accompanied by your Access ID and Password.

It is critically important to keep your Access ID and Passwords confidential to prevent unauthorized transactions on your Bank accounts. In the event you wish to change authorizations (as a result of personnel changes, your business policy, or for any other reason) it is your sole responsibility to immediately revoke access by contacting the Bank or by you removing them via the Administrative User Function if you have been granted that access, in order to protect against the improper use of the Business Online Banking Services. If you suspect any misuse of the Services by an authorized user, you should revoke that employee's access immediately.

Anti-Virus Protection and Anti Malware:

You must ensure each computer used to access Business Online Banking maintains a current version of an anti-virus and anti-malware software to help protect sensitive data. You must update these software applications regularly. The Bank is not responsible for any electronic virus or malware that you may encounter.

Inactivity:

If you are logged into Business Online Banking and are idle for 10 minutes you will be automatically logged off and will need to log back in.

Limits on Transactions:

All savings accounts are subject to federal regulations that limit the number of certain types of transfers from those accounts (although payments to your own loan accounts with us are not counted toward the limit). You should review your Account Disclosures carefully for information regarding all applicable limitations and service charges.

Fees:

The Bank offers the benefits and convenience of the Services to you. Service fees that would be imposed for a transaction effected through other means will be imposed when such transactions are effected through Online Banking. For example, if you request a transfer that would overdraw your account, you will be charged our standard overdraft funds fee. If you request a transfer and the request us drawing on uncollected funds, you will be charged our standard uncollected funds fee. The current individual service fees (such as fees for returned Items, stop payment orders, and check copies) are disclosed in a separate Business Fee Schedule. If you close your account, you must contact us immediately to designate another account. If you do not contact the Bank in a reasonable time the Bank may charge any account, you hold with the Bank or invoice you for any outstanding fees or charges. This Disclosure shall be governed by and construed in accordance with the laws of the State of Rhode Island.

Alerts Terms and Conditions

Alerts. Your enrollment in Centreville Bank Business Online Banking and/or Mobile Banking (the "Service") includes enrollment to receive transaction alerts and notifications ("Alerts"). Alerts are electronic notices from us that contain transactional information about your Centreville Bank account(s). Alerts are provided within the following categories:

- Mandatory Alerts provide you with important account notifications, such as information about changes to your Online Banking password, PIN, or login information. You do not have the option to suppress these Mandatory Alerts.
- Account Alerts provide you with notification of important account activities or when certain changes are made to your Service accounts, such as scheduled payments made, scheduled payments cancelled and mobile deposits. These Alerts are automatically activated for you. Although you may suppress these Account Alerts, we strongly recommend that you do not do so because they provide important information related to your Service accounts.
- Additional Alerts must be activated by you to be enabled. These Additional Alerts can be accessed from the Manage Alerts menu within Business Online Banking and Manage Alerts menu within Mobile Banking.

Account Alerts and Additional Alerts must be managed and/or added online through the Service. You cannot maintain all Alerts through your mobile device. We may add new Alerts from time to time or cancel old Alerts. We usually notify you when we cancel Alerts but are not obligated to do so. Centreville Bank reserves the right to terminate its Alerts service at any time without prior notice to you.

Methods of Delivery. We may provide Alerts through one or more channels ("EndPoints"): (a) a mobile device, by text message, (b) a mobile device, by push notification; (c) an email account, by an e-mail message; or (d) your Business Online Banking message in-box, by an e-mail message. You agree to receive Alerts through these EndPoints, and it is your responsibility to determine that each of the service providers for the EndPoints described in (a) through (c) above supports the email, push notification, and text message Alerts provided through the Alerts service. Please be advised that text or data charges or rates may be imposed by your EndPoint service provider. Alert frequency varies by account and preferences. You agree to provide us a valid mobile phone number or email address so that we may send you Alerts. If your email address or your mobile device's number changes, you are responsible for informing us of that change. Your Alerts will be updated to reflect the changes that you communicate to us with regard to your primary and secondary email addresses or mobile device number.

Alerts via Text Message. To stop Alerts via text message, text "STOP" to 48179 at anytime. Alerts sent to your primary email address will be unaffected by this action. To restore Alerts on your mobile phone, just visit the Alerts tab in Business Online Banking and click the box next to your mobile number for the Alerts you'd like to receive again. Our participating carriers include (but are not limited to) AT&T, SprintPCS, T-Mobile®, U.S. Cellular®, Verizon Wireless, MetroPCS.

Limitations. Centreville Bank provides Alerts as a convenience to you for information purposes only. An Alert does not constitute a bank record for the deposit or credit account to which it pertains. We strive to provide Alerts in a timely manner with accurate information. However, you acknowledge and agree that your receipt of any Alerts may be delayed or prevented by factor(s) affecting your mobile phone service provider, internet service provider(s) and other factors outside Centreville Bank's control. We neither guarantee the delivery nor the accuracy of the contents of each Alert. You agree to not hold Centreville Bank, its directors, officers, employees, agents, and service providers liable for losses or damages, including attorneys' fees, that may arise, directly or indirectly, in whole or in part, from (a) a non-delivery, delayed delivery, or the misdirected delivery of an Alert; (b) inaccurate or incomplete content in an Alert; or (c) your reliance on or use of the information provided in an Alert for any purpose.

Alert Information. As Alerts delivered via SMS, email and push notifications are not encrypted, we will never include your passcode or full account number. You acknowledge and agree that Alerts may not be encrypted and may include your name and some information about your accounts, and anyone with access to your Alerts will be able to view the contents of these messages.
